<b>Quantitative Finance and Actuarial Science</b>	Stockholm University School of Business (SUSB)	Sweden
<b>Full time International Master Programme in Business Administration</b>	ISCTE University Institute of Lisbon IUL Business School	Portugal

## **DOUBLE DEGREE PROGRAMMES IN GENERAL**

Do you want to further your career by obtaining a degree from not one but two top institutions? Would you like to gain international experience during your study? At Faculty of Economics University of Ljubljana (FELU) you have the opportunity to take part in a so-called “Double Degree programme” in collaboration with one of our top partner institutions.

### **WHAT IS A DOUBLE DEGREE PROGRAMME?**

---

A Double Degree is an approved combined study programme leading to two degrees from two universities. After successful completion of all the programme requirements you receive a degree from FELU as well as a degree from partner university.

Due to different national restrictions and differences between universities each Double Degree programme looks different, but it usually involves an equal amount of study-time at each university. Credits obtained at both universities within the programme are mutually acknowledged, resulting in a shortening of study time compared to acquiring both degrees separately.

FELU is highly selective in its choice of partner universities, adding only high profile, research-oriented and accredited (both EQUIS and AACSB accreditation) universities to its list. All of our partners are leading institutions in their country in the field of economics and/or business, and offer great academic opportunities that represent additional benefits for students.

### **WHAT ARE THE BENEFITS FOR STUDENTS?**

---

In today's international labour market, graduates with degrees obtained in two different countries will be one step ahead of the competition. Your international exposure will be highly valued by potential employers, not just in terms of business but also as far as life skills are concerned.

Some European and non-European companies are already familiar with Double Degree programmes and double degree holders are more likely to be the candidates for international positions with better career opportunities than regular degree holders.

There are more benefits to enjoy. You will:

- obtain two degrees in considerably less time than it would take to earn them separately;
- experience “the best of both worlds” each university adds its specialty to the programme and thus complements the partner institution;
- experience different culture, business environment and learning approach;
- gain greater perspective in addressing international issues;
- have the opportunity to develop business level fluency in English;
- undergo a diverse learning experience through a more international classroom;
- take part in an internship (at least, this is an integral feature of some Double degree programmes, not all);
- be exempted from GMAT at partner institution;
- only pay tuition fees (part time students) at FELU, which are considerably lower than at partner institutions.

## **WHO CAN APPLY?**

---

Please be aware that these programmes are demanding and more challenging than if you were to pursue a single degree programme at FELU. This means that only students with the strongest academic record and highest levels of ambition and motivation will be selected.

## **SELECTION PROCEDURE**

---

If there are more qualified students applying for a programme at partner institution abroad than specified for an individual academic year, students who collect more points according to the following criteria take precedence:

- Motivation for studying abroad;
- Language proficiency;
- Graduate programme performance;
- Interview.

## KOREAN PARTNER INSTITUTIONS

Kyungpook National University (KNU)

Chonnam National University (CNU)

## FACULTY OF ECONOMICS UNIVERSITY OF LJUBLJANA (FELU)

## PRINCIPLES FOR ADMISSION IN THE DOUBLE DEGREE PROGRAMME FOR FELU STUDENTS

### a. Prerequisites

---

The FELU students must complete at least first four semesters of the undergraduate programme in business at the FELU before entering the double degree programme.

### b. Study Abroad Period

---

The study abroad period will be in semester 5 and 6. A minimum stay of 10 months at a Korean partner institution is required.

Applications should be sent 5 months in advance to Korean partners. Classes start in the winter semester (September to February) and continue in the summer semester (March to July). The language of instruction is English.

### c. Study Workload

---

The FELU students are expected to pursue one academic year at the host institution. During their stay participants are required to take a minimum of 10 courses at the Korean partner institution, based on a learning agreement agreed upon by both institutions granting the double degree. Classes taken at the Korean institution will be accredited as equivalent courses at the FELU. As an option, Korean partners will also try to organize an internship in a Korean company.

## SELECTION CRITERIA

---

Students for the double degree programme will be selected based on the following criteria:

- Formal eligibility criteria (all exams of the first year of study, average grade at least 8, 0). Graduate programme performance;
- Motivation for studying abroad.
- English language proficiency.
- Cross-cultural skills.
- Maturity and responsible behaviour.

**Application deadline: Early January**

# PFORZHEIM UNIVERSITY OF APPLIED SCIENCES (PFORZHEIM UNIVERSITY BUSINESS SCHOOL)

## FACULTY OF ECONOMICS UNIVERSITY OF LJUBLJANA (FELU)

### Double Degree programmes:

---

- Bachelor International Marketing (Pforzheim)
- Marketing (FELU)

### ABOUT PFORZHEIM

---

 <http://www.hs-pforzheim.de/en-US/Business-School/Bachelor-Programs/International-Business/Seiten/Inhaltseite.aspx>

## PRINCIPLES FOR ADMISSION IN THE DOUBLE DEGREE PROGRAMME

### a. Prerequisites

---

The FELU students must have completed minimum their second year (fourth semester) of the undergraduate programme (Business sciences) before entering the double degree programme.

## **b. Study Abroad Period**

---

The study abroad period will be in semester 5 and 6.

Applications should be sent 5 months in advance to Pforzheim. Classes start in the winter semester (October to February) and continue in the summer semester (March to July). The language of instruction is English.

## **c. Study Workload**

---

The FELU students are expected to pursue one academic year at the host institution. During their stay participants are required to:

- Take 30 ECTS credits in each academic semester, a total of 60 ECTS through courses. Classes taken at Pforzheim will be accredited as equivalent courses at Ljubljana.
- Take courses of German as a foreign language which are part of the curriculum and the students are expected to have a B2 level after their academic year.

The basis of the study workload is the respective study and examination regulations and the table indicating the credit transfer towards the respective other degree.

## **d. Internship**

---

Students are required to follow an internship of 100 days in a company/organization ideally in the area of the specialization of the study programme. The internship can be followed in the host country, home country or anywhere else. The student will be responsible of finding the placement. Pforzheim will grant for the successful completion of the internship 30 ECTS.

## **e. Completion of the study programme and thesis**

---

Students in the double degree programme have to write a final thesis, which should be supervised and accepted by min. one fulltime professor (at Pforzheim). Pforzheim will grant for the thesis 12 ECTS and an additional 2 ECTS for a Colloquium.

## **f. Capacity**

---

In the double degree programme Pforzheim will accept a maximum of 5 students per year; the size of the group is an orientation only and will be annually adapted with the partner.

## WHO CAN APPLY?

Full time student who is enrolled in the second year 1st cycle degree programme (Business sciences) at the FELU:

- Has passed all the first and second year exams at the home university
- Has an average exam grade of at least 8 (good) in the first and second year of the undergraduate programme
- Writes a motivation letter
- Has adequate level of English skills (proof desired)

**Application deadline: Early January**
