

STUDY PROGRAMMES IN ENGLISH

'KNOWLEDGE HAS TO BE
IMPROVED, CHALLENGED,
AND INCREASED CONSTANTLY,
OR IT VANISHES.'

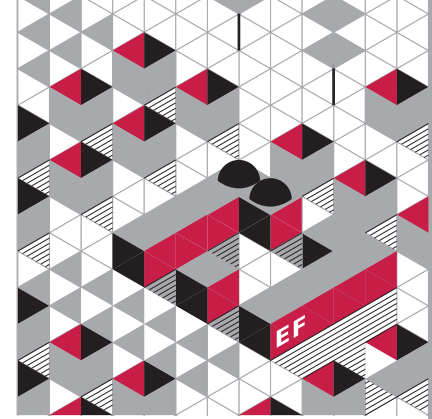

— PETER DRUCKER

As the leading national institution in business and economics, the FELU provides education at all levels (undergraduate, graduate, doctoral, executive and lifelong learning) and in most key areas of specialisation.

It offers Bologna type programmes in all three cycles (3+2+3 structure). The FELU decided to internationalise its programmes by introducing an extensive number of English tracks at all levels of study. It has introduced a number of double and joint degree programmes with renowned schools and opened campuses also abroad.

Programme development forms an important part of the FELU's strategy as it supports internationalisation, the involvement of the business community, and the achieving of excellence.
