Univerza v Ljubljani

my Host university is the best place to study because:

University is a place where people comes to develop his «own I». This is like second home, where you have opportunities for self development.

My host University is University of Ljubljana, where work high specialized teachers.

I'm proud that I study at the University of Ljubljana, Faculty of Economics also where I can reach my big perspectives for my life:
to finish my research work,
successfully pass my exams.
to get TOEFL,
to get best experience,
new friends,
travelling to new countries and more see positive sides.

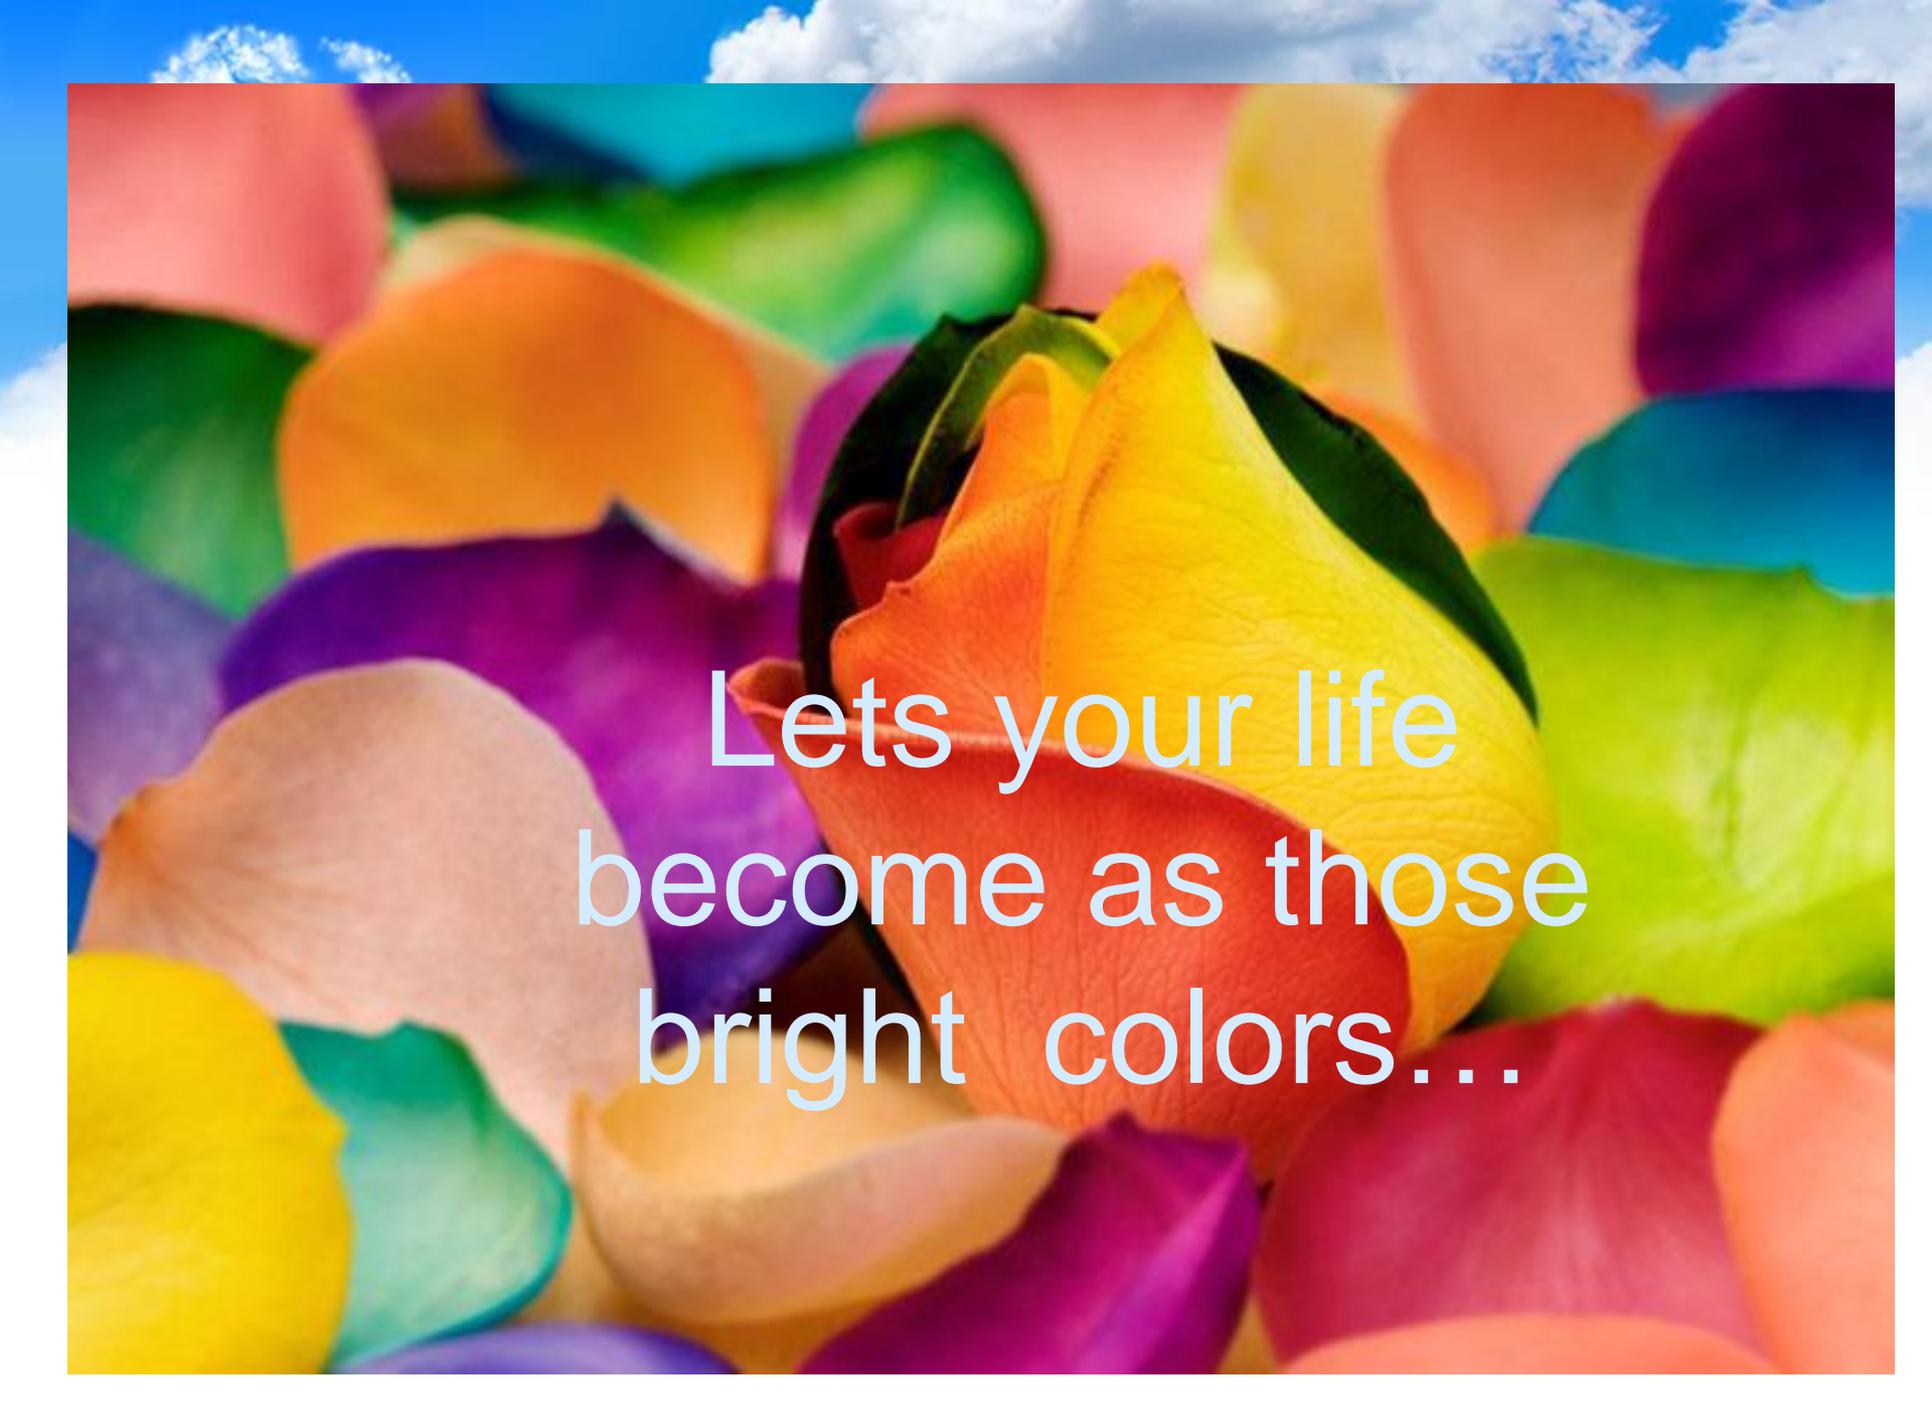

How Erasmus Mundus has changed my life?

From childhood I dreamed to be a teacher, as my parents and three sisters. Moreover I wanted to be like my first school teacher -Sharapat. Of course, work, sacrifice of time, the conditions where person gets his experience will have an impact to his pedagogical experience. I never could dream to get an opportunity - to study abroad, especially in the hearts of Europe, in Slovenia where is quite another culture, another psychology of perception, another way of life. For the short time I had possibility to see a part of Europe - Slovenia with my eyes. I'm grateful to European Union and Erasmus Mundus program for carrying out of my dream and not just of mine only also another thousand students from all over the planet. Now I understand there isn't any limit for realization of our dreams!!!

Thanks for you attention!
