Academic study programme

University Degree Programme in Business and Economics

Academic year 2025/2026

INFORMATION ABOUT THE STUDY PROGRAMME
UNIVERSITY DEGREE PROGRAMME IN BUSINESS AND ECONOMICS

General information

Programme	University Degree Programme in Business and Economics
Level of the qualification	First cycle - academic study programme Level of the qualification according to the Slovenian Qualifications Framework (SQF), the European Qualifications Framework (EQF) and the European Higher Education Qualifications Framework (QF-EHEA): SQF 7 EQF 6 QF-EHEA first cycle
Name of qualification	Diploma prve stopnje (UN) / Academic bachelor's degree First cycle academic study programme University Degree Programme in Business and Economics
Field(s) of study:	KLASIUS-SRV: Academic higher education (first Bologna cycle)/Academic higher education (first Bologna cycle) (16204) ISCED: Social and behavioural science (31) KLASIUS-P-16 (study programme): Economics (0311)
Duration of study	3 years (6 semesters)
Scope of ECTS	180 ECTS
Specialisations in English languages	• International Business • Marketing • Tourism
UL member	School of Economics and Business, Kardeljeva ploščad 17, 1000 Ljubljana, Slovenija

The University Degree Programme in Business and Economics combines theoretical, methodological, and applied knowledge in business and economics. The programme uses the most advanced knowledge management and analytical tools to develop and train students for employment. Students gain basic theoretical knowledge to use in practice. Graduates of the programmes are qualified to perform the most demanding professional tasks in industry and public administration, depending on which of the specialisation chosen.

Study programme learning outcomes

The key objectives of the programme:

Key objective 1: A graduate acquires an advanced level of knowledge and understanding of the concepts in the field of business and economics.

- Key sub-objective 1.1: A graduate knows the concepts and theory and is capable of using them in the framework of microeconomic analysis.
- Key sub-objective 1.2: A graduate knows the concepts and theory and is capable of using them in the framework of macroeconomic analysis.
- Key sub-objective 1.3: A graduate understands the managerial process in a company and knows how to distinguish between managerial and business functions.
- Key sub-objective 1.4: A graduate acquires functional knowledge in marketing, finance, accounting, human resource management as well as production and service process management.
- Key sub-objective 1.5: A graduate knows how to analyse and recognise the impacts of the external and internal business environment on a company.

Key objective 2: A graduate acquires knowledge about the main research methods used in economics and business fields for the purpose of defining problems and solutions.

- Key sub-objective 2.1: A graduate knows how to find, evaluate and select appropriate sources of data and information.
- Key sub-objective 2.2: A graduate knows how to select and apply appropriate qualitative and quantitative methods for the analysis of economic and business problems and interpretation of the results.
- Key sub-objective 2.3: A graduate effectively uses ICT as both a business concept and as a process development and support tool.

Key objective 3: A graduate possesses effective communication skills.

- Key sub-objective 3.1: A graduate possesses effective written communication skills.
- Key sub-objective 3.2: A graduate possesses effective speaking skills.

Key objective 4: A graduate possesses good teamwork skills.

- Key sub-objective 4.1: A graduate works efficiently as part of a team.

Key objective 5: A graduate is able to critically analyse and use the concepts of business ethics as well as professional and corporate social responsibility.

- Key sub-objective 5.1: A graduate is able to distinguish between ethical and unethical conduct of an individual or organisation.
- Key sub-objective 5.2: A graduate knows how to define the effects and consequences of unethical and socially irresponsible conduct.
- Key sub-objective 5.3: A graduate recognises and critically analyses modern global business challenges.

Key objective 6: A graduate is able to effectively communicate in a foreign language.

- Key sub-objective 6.1: A graduate understands a foreign language when spoken or written.
- Key sub-objective 6.2: A graduate has good oral business communication skills.
- Key sub-objective 6.3: A graduate has good written business communication skills.

General competencies (learning outcomes):

- ability to think critically and comprehensively,
- ability to analyse, synthesise and evaluate,
- ability to identify and resolve problems as well as make decisions,
- ability to effectively use knowledge and information as well as search for it,
- ability to express in written and spoken form their knowledge in an expert field as well as to critically evaluate it,
- ability to expertly and effectively use ICT while searching, selecting, processing, presenting and forwarding data and information,
- good teamwork skills,
- ability to work in an inter-cultural environment.

Subject-specific competencies (learning outcomes):

- good knowledge of theories and concepts in the field of business and economics,
- ability to apply methods and concepts in the field of business and economics for the purpose of microeconomic and macroeconomic analysis,
- good knowledge of the management process in a company,
- ability to distinguish between managerial and business functions,
- good knowledge of the role and content of individual business functions in a company (for business tracks),
- ability to analyse the internal and external business environment of a company as well as define the impact on the company,
- ability to search for, evaluate and select appropriate sources of data and information for economic or business analysis, research and decision-making,
- ability to select and use appropriate qualitative and quantitative methods for the analysis of economic and business problems, result interpretation and proposing decisions,
- ability to apply the concepts of ethical conduct, professional and social responsibility,
- ability to expertly express oneself in a foreign language in spoken and written forms.

Admissions Criteria

Admissions criteria for the First cycle University Degree Programme in Business and Economics are as follows:

- a) a general matura certificate;
- b) a vocational matura certificate from an appropriate upper secondary vocational education programme or technical education programme in economic technician or in computer technician and general matura subject Mathematics. If the candidate has already taken the subject Mathematics at the vocational matura, then another subject from general matura will be accepted: economics, informatics, foreign language (English, German, French, Italian, Spanish or Russian), psychology, computer science, sociology or history.
- c) final examination certificate from an appropriate four-year upper secondary school programme completed before 1 June 1995.

All candidates enrolling in a study programme conducted in English language must prove English language proficiency at B2 level according to the Common European Framework of Reference for Languages (CEFR) with an adequate certificate.

Adequate certificates of B2 level English:

- a certificate of passing B2 level English language exam or an equivalent certificate (e.g. TOEFL iBT score of 72-93),
- a final certificate of secondary school (general or vocational matura) showing that the subject English language has been completed,
- a certificate of completion of secondary education with English as the language of instruction.

In cases where available spots are limited:

candidates from item a) will be selected according to:

- The results of general matura - 60% of the points,
- GPA during your 3rd and 4th year of high school - 40% of the points.

candidates from item b) will be selected according to:

- The results of vocational matura - 20% of the points,
- GPA during your 3rd and 4th year of high school or trade school - 40% of the points,
- The results of the general matura subject - 40% of the points.

candidates from item c) will be selected according to:

- The results of secondary school final exams - 60% of the points,
- GPA during your 3rd and 4th year of high school or trade school - 30% of the points,
- The results of the subject Mathematics in the 3rd and 4th year of high school or trade school - 10% of the points.

Implementation of the full time University Degree Programme in Business and Economics is in Slovenian and English language.

At the application deadline for citizens of the Republic of Slovenia and citizens of EU Member States, when applying for full-time and part-time in eVŠ, it will be possible to select only implementation in the Slovenian language.

At the application deadline for Slovenians without Slovenian citizenship and the application deadline for Citizens of non-EU countries, when applying for full-time study in eVŠ, it will be possible to choose between implementation in Slovenian and in English language, and only Slovenian when applying for part-time studies.

The study programme is offered as a full-time and part-time programme. Part-time study programme is implemented in Slovenian.

Title conferred in the original language: diplomirani ekonomist (UN)/diplomirana ekonomistka (UN)

Title conferred in the original language (abbreviated): dipl. ekon. (UN)

Title conferred in English language (and title abbreviated): Bachelor of Arts (B.A.)
